Highlight of The Month

Everybody knows summer is not the most popular wedding season in Saigon, but what if there are good reasons otherwise?

Check out the following compelling reasons why you should have your wedding party this summer.

1. You will save a lot!

The low season prompts wedding services to lower their prices for more customers, which means you can still have a fabulous wedding with a much lower budget. Let's think about how you can spend the amount you save on something exciting such as a romantic honeymoon in Europe.

2. Outdoor wedding photos look so much more beautiful in the summer.

As there are no more gloomy winter days, you can take glowingly gorgeous photos under the summer sun. Summer is also a great time to take wedding photos at popular destinations such as Đà Lạt and Nha Trang as well.

3. There will be more options of wedding venues to choose from.

Imagine finding a perfect place for your wedding party, just to realise later that it has been booked by other couples for the whole month. This situation is what happens in the high season of weddings in Saigon, and you surely will not want to face it.

Vietnamese people tend to select certain dates of the month which are considered "good days" to celebrate their weddings. In the high season, wedding venues are crammed with families desperately trying to book a place on these days.

If you want to avoid the crowd, throwing your wedding party in the summer is the best way.

4. You can decorate your wedding with a wider variety of summer flowers.

Uniquely gorgeous and colourful summer flowers such as sunflowers are perfect for wedding decorations and bridal bouquets. They play an important role in making your party stand out with a specific colour theme such as pink or violet. In addition, some types of orchids only bloom in the summer, so it is a great time to take advantage of them for a beautiful wedding.

5. Tropical fruits will give a special touch to your wedding menu.

You can also order more tasty dishes for guests and include tropical fruits that are only available in the summer. Think about lychee salad and peach pie. Your guests will surely enjoy such a delicious menu created especially for your summer wedding.

Have we convinced you to hold your wedding this summer? By the way, do you know that Park Hyatt Saigon is offering a VND 2,000,000* discount per table for weddings organised at our hotel this summer?

Whether it is a lavish formal banquet or an intimate gathering, from pre-planning ideas to the reception and honeymoon, our team will arrange every single detail of your wedding in an elegant and luxurious style.

Located conveniently in the centre of Saigon, our Ballroom with a capacity of up to 300 guests will be a perfect place for your wedding.

Art Corner

WEEKLY SOUTHERN

Charmingly located on the lobby level, the Italian restaurant Opera offers a venue where guests can meet and socialise in a modern colonial setting. With a thought-out design, the distinctive decoration can tell a story of its own. The art collection, as a heritage itself, embodies the history of both Vietnam's fine art and culture in the twentieth century.

Two of the most prominent artworks are the Weekly Southern covers published in December 1942. The covers are displayed above the hostess counter at the restaurant's main entrance.

Weekly Southern magazine was under the direction of Ho Van Trung, also known by his pen name Ho Bieu Chanh. Although the covers were very simply designed with hand drawings or black and white photos, the content was focused and strongly reflected citizens' lives in Saigon during that time.

Open from 6 am to 10:30 pm daily, Opera invites you to enjoy authentic Italian fare by Chef Matteo Fracalossi, all with garden-fresh produce and sustainable seafood. On Sunday, you can experience the signature brunch with delicious seafood dishes, pasta, roasted meat and delightful desserts plus free flow of iced-cold Veuve Clicquot Ponsardin Brut, Yellow Label.

Signature Story

Exclusive Vinegar

In the quest to source and use only the highest quality ingredients at Square One, Mr Alain Cany, Maître of Commanderie de Bordeaux Saigon Chapter, Mr Frederic Boulin, General Manager of Park Hyatt Saigon and Mr Francis Boutemy, who holds the prestigious title of Grand Maître of the Commanderie de Bordeaux had a discussion on the wine and vinegar for the restaurant.

Together with Mr Boutemy, we embarked on a special project to bring the finest French vinegar exclusively to Park Hyatt Saigon. After 12 months, the first two barrels of Château Haut Lagrange white and red vinegar, made from Sauvignon Blanc/Semillon and Cabernet/Merlot grapes respectively, finally arrived in Saigon, ready to be used in a wide array of dishes in Square One.

Homemade from selected wine in wooden barrels, the vinegar gives a special taste to all dishes. Visitors to Square One can experience the exclusive vinegar in the chicken fricassee, mackerel or sardine escabeche, Lyonnaise salad, rabbit rillettes and pickled baby cucumber, carrot and mushroom.

During this time, Park Hyatt Saigon's pool and garden area is one of the sought-after venues to relax and commune with nature when the heat arrives. Featuring romantic pathways and space amidst the lush landscape and beautiful vine arches, the garden is a green oasis of peace in the middle of this bustling city.

Several cabanas with seating for dining as well as sunbeds were built for guests to relax under the sun. The hotel swimming pool was also redesigned with thousands of hand-crafted mosaic pieces. Every day, pool service is available and offers a delicious selection of light refreshments and drinks.
