# TET HAMPER 2024 COLLECTION

## THE SOUTHERN BELLE

Glorified as the very first flower of spring, the elegant and dignified **ochna blossom** is ordinarily coupled with jade and snow to symbolise fine men and fair ladies. Together with bamboo in 'The Claret Bamboo', ochna blossom is 'a friend' in 'the tree friend of the cold season', at the same time, she joins chrysanthemum in 'Eternal Flora Blue' to be part of 'The Flowers of the Four Seasons'.

Tet would not be complete without ochna blossoms bursting into radiant bloom. Enveloping the **time-honoured flavours of Tet** in one collection, **The Southern Belle** showers spring blessings to herald a prosperous new dawn. May 2024 fill your heart with abundant of love, peace and fulfillment.

## RETRACING THE PAST SAIGON

Before Saigon adorned itself with towering skyscrapers and embraced its status as a vibrant, diverse cultural hub, it bore witness to a narrative shrouded in a different era. Join us on a **half-day tour** that opens a portal to a time that was tumultuous yet decisively defining for the years to come in the evolution of this remarkable city.

Our journey begins with a visit to **the shrine outside the US Consulate**, a poignant symbol of an era when Saigon was under the occupation of the US military. Continuing onward, explore **the former CIA building** where **remnants of helicopter evacuations in 1975** offer a tangible glimpse into the city's riveting history.

Take a breather on the rooftop café of **Rex Hotel**, where, beyond appreciating a spectacular view of the downtown area, you will immerse yourself in the historical saga of a **96-year-old establishment**. Within 10 minutes, traverse to **the Reunification Palace**, where our guide will tour you around the former headquarters of the South Vietnamese Government and the presidential residence.

Drive to **the former residence of the US Ambassador to South Vietnam** in the early 1960s, Mr Henry C. Lodge Jr., a key figure in supporting the overthrow of the South Vietnamese Government. Enjoy a cold drink while watching a 10-minute documentary film about the old Saigon, followed by exclusive access to a secret weapons chamber used by the Viet Cong.

Conclude the tour on a fulfilling note with a late lunch at **Pho Binh Restaurant** – a must-try for an authentic pho experience dating back to the time when it served as a gathering place for Viet Cong commanders planning the 1968 Tet Offensive, which was captured in a photo collection upstairs. As the captivating tales of Saigon's storied past immerse you, enjoy the rest of the day in the calm embrace of your refined home away from home.
